

ALLIES LANDING FRESH SOLDIERS

Making New Efforts to Capture Constantinople.

SURPRISE TURKISH TROOPS

General Hamilton Reports Securing New Foothold on Gallipoli Peninsula, the Capture of 630 Prisoners, a Number of Guns and a Quantity of Material.

London, Aug. 11.—The commencement of new and greater efforts to force the Dardanelles and thus bring succor to the Russians, who are still being hard pressed by the Austro-Germans in Eastern Poland and the Baltic provinces, and at the same time to influence the Balkan states, together with an allied air raid over Zwebruecken and Sankt Ingbert, Bavaria, in which eight persons were killed and two wounded, are the features of the war news.

The renewed attempt against the Turkish positions, which apparently is in full swing, seems to be a concerted one. Attacks are being made at the tip of the peninsula, along the Kithia road, where a gain of 200 yards on a front of 300 yards has been made, and at Sari Bair, where an important coast town has been occupied, according to General Sir Ian Hamilton, commander-in-chief of the British forces.

"Elsewhere," General Hamilton's report continues, "a fresh landing has been successfully effected and considerable progress made." This landing evidently was a surprise to the Turks, as 630 prisoners, a number of guns and a quantity of material are declared to have been taken by the British forces.

A Turkish official report supplies the localities of two landings. According to this forces were put ashore in the environs of Karachali, a town on the road which skirts the north shore of the Gulf of Caros, opposite the neck of the Gallipoli peninsula, and near Avl Burnu.

One Landing Successful.

At Avl Burnu the Turks admit the landing was successfully carried out, but they claim to have dispersed the troops which came ashore near Karachali. It is believed in military circles here that the landing at Karachali was only a feint to disguise the real intention of the allies.

The forcing of the Dardanelles is realized by the military critics here to be of the greatest importance, for they assert that it is the only way the allies can render immediate aid to Russia and repay her for the great sacrifices she has made for the common cause.

In addition it is believed by the military observers that a success here would bring the Balkan states definitely over to the side of the quadruple entente powers in the war.

In their latest aerial raid over the English coast, which occurred Monday night, the Germans lost one of the Zeppelin airships which took part in it. It is believed that four or five airships took part in the raid.

The Austro-Germans are slowly closing in on the portions of the Russian armies which remain on the Polish salient. Their wide, outflanking movement in the northern part of the Baltic provinces has been brought to a standstill, but farther south they are approaching the forts of Kovno and the Russians are reported to be evacuating Vilna, which lies directly east of Kovno on the main railway line.

ITALIAN LABOR SPURNS PAY FOR WAR WORK.
Rome, Aug. 11.—The example of the railroad employees of Milan, who refused 3,000,000 lire (\$650,000) offered by the government for extra work done by them in connection with the mobilization of the army, has been followed by the railroad men of Rome, who have issued a statement declaring: "We would feel ourselves humiliated if we are not willing to give our toil while others give their lives to their country."

Prominent Oil Man Dead.
San Francisco, Aug. 11.—William Sterling Porter, vice president and general manager of the Associated Oil company of California, died at a hospital here following a stroke of apoplexy. Porter was forty-nine years old. He was a close friend of the late E. H. Harriman.

ITALIAN TROOPS ARE RESTING

Claim to Have Punished the Austrians Severely.

Udine, Italy, Aug. 11.—Information has reached Udine that General Cadorna, the Italian commander-in-chief, has decided not to resume the offensive on a large scale until his troops are well settled and organized in the positions lately occupied.

The losses of the Austrians in wounded alone are reported to have reached a total of 85,000. They are in need of fresh troops and, not wishing to weaken their armies on the Serbian and Russian fronts, have brought in three army corps from Pola to the Isonzo front.

BRITISH TORPEDO BOAT DESTROYERS SUNK

Four Officers and Twenty-two of the Crew Saved.

London, Aug. 11.—The British torpedo boat destroyer Lynx was sunk by a mine in the North Sea Aug. 9, according to an official announcement made by the British press bureau.

Four officers and twenty-two men of the crew were saved. The destroyer Lynx displaced 935 tons. The vessel was 260 feet long, 27 feet beam and 9.3 feet depth, and was capable of traveling thirty-two knots an hour.

The Lynx carried three four-inch guns and was equipped with four twenty-one-inch torpedo tubes. Its complement in normal times consisted of 100 officers and men.

The trawlers Westminster, Harbor Wiper and Benardina have been sunk. The members of the crews of all three were saved, except two men on the Benardina.

A dispatch to Reuters' Telegram company from Copenhagen says the Norwegian steamer Geiranger of Bergen has been sunk. The members of her crew were landed by a Dutch fishing boat.

TWO CONVICTED OF GRAFTING

Former Chicago Detective Sergeants Found Guilty.

Chicago, Aug. 11.—Walter O'Brien and William Egan, former sergeants of the city detective force, were found guilty on charges of accepting bribes to protect criminals. The conviction carries with it an indeterminate sentence of from one to five years in prison. Counsel for the convicted men entered a motion for a new trial.

BILBO DEMOCRATIC CHOICE

Present Lieutenant Governor Certain to Be Mississippi Executive.

Jackson, Miss., Aug. 11.—Lieutenant Governor Theodore G. Bilbo was nominated for governor by a majority of 1,072 votes over his four opponents in the Democratic state primary Aug. 3, according to an announcement by the Democratic state executive committee. The nomination is equivalent to election.

Lee M. Russell was nominated for lieutenant governor by a majority of 14,682.

BULGARIA TO ABANDON NEUTRAL GREECE WOULD ALSO ENTER WAR

(By United Press)

Sofia, August 10, delayed.—The possibility that Bulgaria will yet abandon a neutral attitude and fall upon Turkey's back is increased this afternoon when the news arrived that Serbia was willing to make concessions. The allied representatives declared Greece's representative raised high hopes that Greece and Bulgaria both would enter the war on the side of the allies. Despite these developments Germany appears to have the upper hand in the diplomatic struggle being waged here. The Germans are distributing freely news of the fall of Warsaw and subsequent German victories. The allies are distributing President Wilson's note to Germany and newspaper clippings.

Destination Of Warships Kept Secret By Department

(By United Press)

Washington, Aug. 11.—In effect the Navy Department this morning stated it would make no announcement concerning the destination of the battleships New Hampshire and Louisiana until their destination was reached. This is considered meaning that Vera Cruz is the ultimate destination. On account of the secrecy it is unnecessary for other destinations to be mentioned. Vera Cruz is not the only place on the map, said a Navy Department attache. The Brazilian minister reported bringing a strongly worded appeal from the Americans in Mexico City for speedy American relief from conditions reported as becoming unbearable. A dispatch to the state department said the Brazilian minister's train was delayed while Zapataists attacked the train ahead of it. Gen. Funston reported that the Mexican raiders had entered Texas more than ninety-four miles. Secretary Garrison significantly admitted that three army transports at Gatun and another at New York are ready to sail, presumably for Mexican waters although he did not announce that.

MAY ABANDON KOVNO

(By United Press)

Petrograd, Aug. 11.—It is admitted that the Russians may abandon Kovno, under the heavy German attack. The Germans have sent thousands of shells against the works and torn away sections of them, but when they attempted to charge through the gaps the desperate Russian heroism repulsed them.

GERMANS OCCUPY BENJAMINEW

REPORT DETAINED KAISER

(By United Press)

Amsterdam, Aug. 11.—Reports that Russian spies mined public buildings, and remained in Warsaw for the purpose of slaying the kaiser, caused him to delay his entrance into Warsaw. For the same reason neutral and Berlin correspondents, promised entrance, were forbidden.

SUSPECTS PEACE COUNCIL

First Vice President of Labor Body Resigns.

Washington, Aug. 11.—The resignation of Milton Snelling of Washington, vice president of the International Union of Steam and Operating Engineers, from the office of first vice president of labor's National Peace council, was announced at headquarters of the American Federation of Labor.

Following closely the clash between Representative Buchanan and the White House, because President Wilson did not see a delegation from the Peace council, and repeated statements of Samuel Gompers that the council had no connection with the American Federation of Labor, Snelling's resignation added a new chapter to a series of events which stirred organized labor circles.

Snelling's letter of resignation was addressed to Buchanan as president of the Peace council.

UNITED STATES WILL ACCEPT PAYMENT

Partly Agrees to German Proposal for Lost Ship.

Washington, Aug. 11.—The American reply to the last German note regarding the sinking of the American ship William P. Frye has been cabled to Berlin and probably will be given out for publication Saturday.

While the original position of the state department that the Prussian American treaty of 1828 was violated by the destruction of the vessel is reaffirmed it is understood that the United States now agrees to accept payment for the Frye under the conditions suggested in the last German note, obviating an appeal to arbitration at The Hague.

Germany stipulates that payment shall not involve admission of a treaty violation. The American note is said to stipulate that no treaty rights are waived by acceptance. The amount to be paid will be fixed by two commissioners, one appointed by each government.

A German prize court in July held the Berlin government liable under treaty for payment for the Frye.

BOXING LAW IS STRONGER

Provides Five-Ounce Gloves for Batters Under 140 Pounds.

Madison, Wis., Aug. 11.—The Wisconsin legislature has passed three bills greatly strengthening the law regulating boxing shows in the state. The third bill, which became a law by being officially published, appropriates \$3,700 annually to pay the salaries and expenses of the state athletic commission. Hereafter the three members of the commission will receive compensation of not to exceed \$1,500 a year with expenses for their work. They have been receiving only actual expenses.

No boxing show is to be given in any city outside of Milwaukee without approval of the board of aldermen and no person under eighteen years of age is to be allowed to attend such a show. The law provides that no intoxicating liquor shall be sold at boxing shows, that five-ounce gloves shall be used by boxers under 140 pounds in weight and six ounce gloves by boxers over 140 pounds. No betting on results will be allowed and all boxers must be certified by physicians to be in good physical condition before entering the ring.

UNITED STATES JUSTIFIES ACTS

Replies to Austrian Note on Sale of Munitions.

DENIES NEUTRALITY BREACH

American Answer is Framed in Diplomatic Language and Friendly in Tone, but Flatly Repudiates Suggestion That the United States is Favoring Any Belligerent.

Washington, Aug. 11.—The United States government has dispatched to Vienna a reply rejecting the Austro-Hungarian views recently set forth in a note contending that the great scale on which war munitions are being exported from America to enemies of the German allies "is not in consonance with the definition of neutrality."

The note was cabled to Ambassador Penfield, who probably will present it to the Vienna foreign office Thursday. It may be made public later by agreement between the two governments.

Though framed in diplomatic language and entirely friendly in tone the reply is understood to repudiate flatly the suggestion that the United States has permitted violations of neutrality and to stand firmly upon the right of American exporters to send war supplies to belligerents able to purchase and receive them.

The United States always has held that this is an unquestioned right under international law.

Precedents also have been recalled where in previous wars Germany and Austria imported arms extensively.

TREASURY DEMANDS MONEY

Government Will Sue to Recover Funds Given Stranded.

Washington, Aug. 11.—The treasury department announced that on Oct. 1 Secretary McAdoo would make public the names of and take steps to sue all persons who are able to pay and who then have failed to pay advances of money made them by the government to assist them in returning home from Europe at the outbreak of the war.

African Rebel Leader Caught.

Pretoria, Aug. 11.—Lieutenant Colonel S. G. Maritz, a leader in the Union of South Africa rebellion, who was arrested late in February and imprisoned at Windhoek, Cape Colony, but escaped a month later, has been arrested by the Portuguese authorities at Angola, West Africa, with a handful of followers, according to an official statement issued here.

NAVY IS CHEAPEST GUARD

Retired Admiral Favors Being Prepared for War.

St. Louis, Aug. 11.—That the American navy is losing its relative place among the navies of the world is the opinion of Rear Admiral Albert C. Dillingham, U. S. N., retired, who addressed the City club here. Admiral Dillingham said the policies of the United States, whether the Monroe doctrine, the "open door" in China, or the rights of neutrals, are "just as strong as our navy, and not a bit stronger."

He said the navy is the cheapest insurance against war. From the European war, he added, the United States may learn the need of preparedness and the tremendous advantage of sea power.

KONKEL WINS RECALL FIGHT

Nine of Fourteen Superior Precincts Give Mayor Victory.

Superior, Wis., Aug. 11.—Carrying nine out of fourteen precincts Mayor Silver Joe Konkell was re-elected over James R. Hile in the second recall election Konkell has faced with Hile as his opponent within a year.

The result was announced by two flashes of the city lighting circuits within fifteen minutes after the polls closed and cheering throngs filled the downtown streets.

Out of a total of 4,600 votes cast, much heavier than expected, Konkell received 2,534 and Hile 2,075.

The basis for a recall on both occasions was "the charge of general inefficiency and failure to enforce the laws. Konkell charged the proceedings to a political move. Last year with 600 more votes cast Konkell won by 91 majority. Since then the segregated district has been closed.

Each polling place was carefully watched to prevent illegal voting and it is believed the decisive results will allow Mayor Konkell to serve the remaining three years of his term.

Weather Forecast for Next 24 Hours

DISPATCH WEEKLY
WEATHER FORECAST

Issued by the United States
Weather Bureau, Washington,
D. C., for the week beginning
Wednesday, August 11, 1915:

For the Upper Mississippi
Valley and Plains States:

Fair weather for four or
five days, probably followed
by showers the last two or
three days of the week; mod-
erate temperature.

You can just see the corn grow
in Minnesota these days.

A fire at Karistad in this state is
charged up against a poor innocent
sparrow which is said to have carried
a lighted stick from a smudge and
dropped it into a hay loft. One can
charge almost anything up against a
sparrow.

A peculiar incident is related in
connection with the Eastland disas-
ter. The Blue Island Furniture
company went into bankruptcy and
the cause given is that the drowning
of a large number of its creditors on
the ill-fated Eastland made this step
necessary.

They will have to try something
new on Mayor Konkle, far famed as
Silver Joe, for he retained his position
as mayor of Superior by a major-
ity of 469 in the special recall elec-
tion in that city yesterday. This is
the third attempt to recall the mayor
without success.

Six employees of the Hamm
Brewing company, of St. Paul, attended
the state land sale at International
Falls and bought lands in Koochiching
county last Tuesday. Inasmuch
as that county voted to oust the sal-
oons by getting into the county op-
tion column a week ago, this must
mean that the brewery hands want
to get into a dry territory—either to
help it become wet again or to get as
far away from the amber fluid as pos-
sible. The purchases of the six

tracts of land were all in one town-
ship.

The Minnesota Board of Immigration
will open its fall campaign of
advertising at state and district fairs
at Galesburg, Illinois, on August
14th, and will continue making ex-
hibits at fairs until about the mid-
dle of November. Spaces at the var-
ious fairs have been reserved, and
the exhibit will be housed in a large
tent, where the people of Illinois,
Iowa and Indiana will have an op-
portunity to view the products grown
this year on Minnesota farms.

"With the possible exception of
corn and fruits, we will have the
finest display of Minnesota products
ever shown outside of the State," said
Fred D. Sherman, Commissioner of
Immigration. "We have been able
to secure some of the finest samples of
sheaf wheat, oats, rye, barley, etc.,
that we have ever exhibited, and the
same is true of clover, timothy, alfalfa
and native grasses. I am having
some trouble in securing good vege-
tables for the early fairs, but within
two weeks we will be able to show
unusually good vegetables. We will
not be able to show very much good
this year's corn—and the same is
true of apples—but aside from this
I believe the Minnesota exhibit will
be the best we have ever shown."

Mr. Black Crow has been indicted,
not for murder, but for the destruc-
tion of crops, and his punishment
should be sure and swift—death
should be meted out to him.

The northwest has never been sub-
jected to the ravages of the crow as
it has in the past year, and the
farmers of this vicinity and else-
where can attest to vast amount of
grain and corn destroyed through-
out this agency. Whole fields of corn
were pulled up by these fastly multi-
plying birds last spring and they did
not confine themselves to corn strictly
but turned their attention to
spring wheat, oats and barley and
destroyed vast quantities of it in the
fields. In their search for grain
these birds, in many instances, ruin-
ed the farmer's gardens by destroy-
ing such vegetables as beans and
peas, and they have continued their
work of destruction throughout the
entire season and now that the en-
tire grain crop has begun to ripen
they are getting worse than ever.
To such an extent have they carried
on their destructive work that a num-
ber of farmers have had to cut their
barley before it was ripe, and rye
that is in shock is being destroyed
as fast as there birds can do it. Every
out field in the country is surround-
ed by these black pests, and a farmer
who has a patch of corn in his
garden has to stand guard over it
from daylight until dark if he expects
to get any of it for his table use.
The corn crop this year is extremely
short, with none to spare, and it will
take all the home guards in any one
neighborhood to protect a ten-acre
field and keep the crows from rid-
dling every ear. In many states a
bounty is paid for killing these birds
and if the sportsmen of Minnesota
wish to do something that will bene-
fit mankind and at the same time
afford pleasure to his marksmanship
and give him the practice he is look-
ing for he will turn his attention
away from the prairie chicken and
prairie dog, to a great extent, and take
that time for exercising his skill in
eradicating the "greatest pest the
farmers throughout the country have
to contend with—the black crow.

AN OLD RECIPE
TO DARKEN HAIR

Common garden Sage and Sulphur
makes streaked, faded or gray
hair dark and glossy at once.

Almost everyone knows that Sage Tea
and Sulphur, properly compounded,
brings back the natural color and lustre
to the hair when faded, streaked or
gray; also ends dandruff, itching scalp
and stops falling hair. Years ago the
only way to get this mixture was to
make it at home, which is messy and
troublesome.

Nowadays we simply ask at any drug
store for "Wyeth's Sage and Sulphur
Compound." You will get a large bot-
tle for about 20 cents. Everybody uses
this old famous recipe, because no one
can possibly tell that you darkened your
hair, as it does it so naturally and
easily. You dampen a sponge or soft
brush with it and draw this through
your hair, taking one small strand at a
time; by morning the gray hair disap-
pears, and after another application or
two, your hair becomes beautifully dark,
thick and glossy and you look years
younger.

VANDALS AT LUM PARK

Bottles and Glass Thrown into the Lake Where Wading Children are Severely Cut

BOY CUTS FOOT, GIRL HURT TOO

Park Benches Thrown into Lake and Used by Boys for Swimming Rafts and Diving

Visitors at Lum park on Rice lake in Northeast Brainerd are stirred up over the acts of vandals. Glass and bottles have been thrown on the beach and into the water.

A little boy in a picnic party cut the arch of his foot while wading and difficulty was found in staunching the flow until a physician could be called.

A little girl cut her wrist and fainted from the pain. Park benches thrown in the lake are used by boys for swimming and diving from.

The park is in such shape that a resident custodian seems the only way to combat the lawlessness shown by young men and boys in their destruction of property.

Casey at the Bat More Successful Than Casey as an Ump—Another Game With Aitkin

"Casey at the bat was more successful than Casey as an ump," said a fan today commenting about the Brainerd-Aitkin ball game of last Sunday. Anyway considerable material for poetry was furnished by the Aitkin game.

Bert Kylio continues to umpire the Long Prairie-Staples game. On Wednesday the game will be played at Long Prairie. Templeton will appear in the lineup with Staples and Cook with Long Prairie. In the series Long Prairie has won 2 and Staples 1 game.

Aitkin wants another game with Brainerd at Brainerd. Arrangements are being made for a game here on August 22. Then will follow a game on neutral grounds, Ironton, Little Falls, or some other point, with neutral umpires. That game, it is reported, will be for a \$200 side bet.

Next Sunday the Colored Giants will play Brainerd at Brainerd.

The Cuyuna Range All Stars defeated the Ironton cub 3 to 2 in 10 innings at Ironton Sunday.

The Brainerd Pickets lost to Deerwood 9 to 6 at Deerwood Sunday afternoon.

Union Giants Beat Two Teams

Luverne, Minn., Aug. 11—The Chicago Union Giants won first money at the Sibley, Ia., carnival by defeating the All Nations and Luverne. Score

SUES PAPER FOR LIBEL

Special to The Dispatch:

Ironton, Minn., August 11—In a statement made, Attorney D. B. McAlpine states papers are to be served on Marc Atkinson and Claude Atkinson, publishers of the Crosby Crucible, in a \$7,500 libel suit brought by Dr. J. E. McCoy, clerk of the Crosby-Ironton school board. Associated with Mr. McAlpine will be Attorney A. W. Uhl of Crosby.

Dr. McCoy, said his attorney Mr. McAlpine, takes exception to alleged statements said to have been published by the paper regarding his character and his fitness to serve as a member of the board.

At the Grand

Clara Kimball Young last night completely captivated two packed houses at the Grand. It without a doubt a very artistic picture and deserving of the same attendance tonight. A critic on the Chicago Tribune has said that "One of the most pleasant evenings of my whole life was spent last night at the Studebaker theatre, watching the photoplay version of 'Alias Jimmy Valentine'." This play comes to Brainerd tomorrow.

TODAY'S ODDEST STORY

London—It was the "Battle of the Bees" in Hampstead, London's pretty suburb. A full regiment of soldiers and a full swarm of bees were the combatants. The bees swarmed Heath avenue. Horses reared, women screamed and ran, the police arrived and then the soldiers were summoned. The bees showed fight and nearly routed the soldiers until one "Tommy" who knew bee-lore captured the queen. He put her in a small box in a nearby garden and the bee warriors decidedly followed. The battle was over.

WANT BALL GAME

The Hagenbeck-Wallace Baseball Club Wants a Game in Brainerd 4:30 P. M., Aug. 17

On illustrated stationery giving a picture of their club, the Hagenbeck-Wallace baseball club, season 1915, wants a game in Brainerd on Tuesday evening, August 17th. The communication reads:

"Can you arrange a ball game in your city August 17th for a uniformed ball team of clean players composed of riders, clowns and acrobats, who put up a strong game and are a big attraction wherever they play?"

"Write or wire us, as we will be waiting for your reply. Whatever you do towards arranging a game will be appreciated by us.

CHICAGO UNION COLORED GIANTS

Said to be an Aggregation of Old-Timers Who Play a Very Classy Kind of Ball

HAVE FUNNY FIELD ANTICS

The Team has Played 36 Consecutive Years Under its Present Title, Winning Many Games

The Chicago Union Colored Giants who play at Brainerd next Sunday afternoon, are said to be an aggregation of old timers who play a very classy article of baseball intermingled with side-splitting capers in their coaching and funny field antics. Aside from the humorous part of their playing, their team is well balanced and wherever playing are generally returned the winners. Little is known of the individual players making up the team, as no-line-up or other dope has as yet been received but according to the reputation which they bear from other performances, they're on a par with the All Nations whom they have played several series. The team under its present title has been playing for 36 consecutive years, while the members are descendants from old stars who first started out with the team in the early days of their existence.

The game Sunday is expected to be replete with sensational plays while the locals will find the sledding hard unless good ball is played every minute of the game. Brainerd would do mighty well could it add the scalp of the colored boys to their already long string of victories, yet to hold the visitors to a low score would also be a trick not often turned by towns of the same class.

Word comes from Aitkin who was downed last Sunday by the close score of 3 to 2 that a purse of \$200 is being raised which will be placed in a local depository with a challenge to Brainerd for a game on neutral grounds with neutral umpires within the very near future. Already several close followers of the team have come forward with a willingness to put up a part of the money and it is estimated no trouble will be met with should the deal materialize. Before the game is played, however, Aitkin will again be taken on at the local park, possibly on the 22nd of August and should the college lads cop the bunting in the second fray, the third should be the biggest affair in this neck of the woods. Since the last game, many harsh titles have been given the visitors' umps for his many lame decisions, which by many, was felt to be the result of Brainerd's low score against Aitkin. In the next game played no doubt an entirely neutral man will be on the firing line and with an equal amount of luck, Brainerd should have no trouble in coping the game.

CHAMPIONS CLEAN SPORT

"Sporting Life," of Philadelphia, has Broadened its Scope and Increased Paper's Size

"Sporting Life," of Philadelphia, the oldest sporting paper in America, which for many years has confined itself entirely to base ball and trap shooting, has vastly broadened its scope, by including in its repository of sports football, golf, tennis, hunting, fishing, yachting, motorboating, athletics, basket ball, bowling, auto-mobiling, billiards, and harness racing—each in season. These are all clean and legitimate sports, which blend well with base ball and trap shooting. For the purpose of accommodating so many additional sports, the paper has been enlarged from 32 pages to 40 pages, without additional cost to the reader, the price of the paper remaining at five cents the copy. "Sporting Life" thus remains not only the oldest and best, but is also now the largest, sporting paper in this country; and well worth the patronage of all lovers of clean sport by reason of the excellence of its contents, its scrupulous cleanliness in all departments, and its high literary, artistic and business standards. Sample copies can be obtained from the publishers without cost, for the mere asking.

Dissolution of Partnership

The partnership of Warner & Hall has this 10th day of August, 1915, been dissolved by mutual consent of the parties. On account of business conditions the two law offices of the firm could not be looked after to advantage and the parties have dissolved the partnership, but will continue the business pending until it is finished. Mr. Warner retains the Brainerd office and Mr. Hall retires therefrom; and Mr. Hall retains the Aitkin office and Mr. Warner retires. —Advt.1tp

WATER & LIGHT BOARD

A. M. Opsahl, Representative Minnesota Telephone Co., Wants Joint Use of City Poles

All members of the water and light board were present at the regular meeting.

A. M. Opsahl appeared before the board representing the Minnesota Telephone Company and asked for the joint use of the electric light poles of the city. The secretary was instructed to ascertain what effect that would have on the liability insurance on employees.

G. A. Johnson again appeared before the board regarding water meter readings. The board backed up its action of July 28 when they counseled Mr. Johnson to pay his bill.

The bill of A. L. Bratt, of Fort Ripley, for \$297, being work performed at Spring Bay as per contract, was allowed on motion of Commissioners Rowley and Weldemann.

M. E. Hitch, of the Hitch Fuel & Cement Co., wanted two kinds of his coal tested at the pumping station by a competent engineer selected by Mr. Hitch at his expense.

Reports on the water and light departments were submitted and accepted. The bill of the Cuyuna Range Power Co. for \$1350, current for July, was allowed and ordered paid. The bill of B. C. McNamara for \$22.50 was allowed and ordered paid.

The leak in the service line of Bredenberg & Erickson, 1302 Oak street, was called to the attention of the board. The secretary is to notify them to make the repairs at once.

Bids for coal were opened and read. Hitch Fuel & Cement Co. bid \$3.65 a ton for supplying Yough screenings, \$3.80 a ton for Elkhorn, \$3.90 for Pocahontas and \$4.05 for Yough. pea coal. The Dower Lumber Co. bid \$3.60 for Yough. screenings. John Larson bid \$3.83 on Elkhorn, \$3.83 on Millers Creek screenings, \$3.50 on Yough. screenings, \$4.20 on Yough. pea coal, \$4.45 on Yough. nut. The Mahlum Lumber Co. bid \$3.55 on Yough. screenings, the city to take the weight of the state weighers' certificate; \$3.63 on Yough. screenings, weighed city scales. No action was taken until the Hitch coal test is made.

The Hitch Fuel & Cement Co. was ordered to furnish Yough. pea coal for a test as proposed by his company.

Secretary Nelson submitted the report of the water department for July:

Special Musical Program

THURSDAY and FRIDAY

From out of a great mind a moving picture has been created. It is a classic among photoplays. Once in a century a genius is born—a man who rises out of the ordinary and in one sublime moment reaches to the very skies. Perhaps the equal will never come again.

This has occurred in the drama, in music, in art, in literature. And here is the most perfect of all moving-picture efforts brought to a successful conclusion: Action, uniqueness of plot, subtlety of perfect acting by renowned leaders of the stage—will make you marvel and forever remember.

What Is All This About?

"Alias Jimmy Valetine"

Robert Warwick has never been seen in such a play as this. "Jimmy Valentine" is recognized as being one of the most interesting detective dramas of the age. Also we might add that among the exhibitors all know that this is the most sumptuously produced drama they have yet made.

WOODROW GIANTS WIN

Beat Oak Lawn Last Sunday 2 to 1, Long Allows But Three Hits

The Woodrow Giants defeated Oak Lawn last Sunday by a 2 to 1 score. The batteries were Oak Lawn Long and Pickler; Woodrow Cannon and Cannon.

Long had much the better of the argument, allowing only three hits, two of these being of a decidedly scratchy variety, while the Oak Lawn sluggers touched up Cannon for 11 safe bingles. They had men on bases every inning but the necessary hit to score them was not forthcoming.

SPIRIT OF CONFIDENCE IN FRANCE

BULGARIA'S TERMS FOR FIGHTING

Today's announcement by the Bulgarian premier of the terms on which Bulgaria is willing to fight for the quadruple entente is the most important development in the Balkan situation since the Allies' negotiations with Bulgaria began. The fate of the Turks is now being closely bargained for at Sofia and the future development of southeastern Europe is in the balance.

Only firm diplomacy on the part of the Allies is needed to entice Bulgaria into the war. The Sofia government is unquestionably prepared to fight for the territory it lost during the second Balkan war, and if the Allies fail to buy the Bulgarian armies for their own use the blame will be entirely upon them. The Bulgarian premier's terms are not such as the Allies cannot meet. Bulgaria, apparently in willing to abandon its former insistence upon receiving part of the Greek Egean coast and will count Serbian Macedonia a sufficient payment.

Serbia's consent, therefore, is the sole remaining major requirement which the Allies must have in order to start the Bulgarian troops toward Constantinople. Serbia is the country that brought on the present conflict. Had it not been for the intervention of England and France in the war, Serbia would now be conquered territory and a vassal state of Austria-Hungary. That the Serbians should show a certain stubbornness about parting with territory they took from Bulgaria years ago is natural, but that the Allies will permit this stubbornness to prevail is hardly conceivable.

Italy, however, may be urging the Allies not to adopt too insistent an attitude toward Serbia. To compensate for the loss of Macedonia, Serbians are demanding that they be allowed to annex northern Albania. This would be a fair trade, because, with a part of Albania in her possession, Serbia would have an outlet to the sea through her own territory and would cease to remain an inland state. But Italy is not overpleased with the idea of Serbia breaking through to the Adriatic. One reason why the Roman government entered the war was to make the Adriatic an Italian lake, and to secure a dominant position over the Slavs that border the Adriatic's eastern shore. If Serbia becomes an Adriatic power, Italy must limit her ambitions.

Serbia has already conquered a large part of northern Albania, and but recently suspended her Albanian campaign because of Italian objections. Italy, however, has not been sufficiently successful in the war to be able to dictate to her allies. Furthermore, Italy can be compensated in Asia Minor, if Bulgaria thereupon sets her price and captures Constantinople for the allied powers.

TANGOING HORSES

Many Novelties with Carl Hagenbeck-Wallace Circus this Year

Many features, said to be new and excellent, will be presented this year by the Carl Hagenbeck-Wallace Circus, which will exhibit in Brainerd, Tuesday, August 17. According to the advance information the act of Mme. Bedini with her tangoing horses is one of the most enjoyable of the entire bill, because it shows the possibilities in the education of a horse, which appears to have almost human sense. This woman has taught her horses many new steps in their dancing act. Nearly four hundred performers are on the bill and they perform their acts on the ground, on a stage and high in the air.

Among the acrobatic and gymnastic celebrities with the show are the Six Wards, Gladys Gorman, the Eugene Troupe, the Cottrell-Powell

Trio, the Australian Waltzes, Sisters La Low, and others. The leading bareback rider is Oscar Lowande. Lowande is rated as the most accomplished bareback rider in the circus profession. He jumps from the ground to a speeding horse's back, facing the opposite direction from which the horse is running. The Powells, the Cottrells, the Ledgett Troupe, Mme. Bedini and others are in the long list of equestrian artists. The circus will come to this city fresh from its winter quarters, where all the equipment was practically made over into new.

A new troupe of performing leopards is one of the new features of the show this season. These leopards were bought by Col. Wallace because he had induced Mme. La Pearl, "the woman without fear," to return to her profession of performing with trained leopards. Mme. La Pearl was retired, but during last winter she visited her husband, who is one of the animal trainers with the show, at Cincinnati, O., and Mr. Wallace engaged her to return to her profession.

She was putting her Twelve Polar Bears through a course of training recently, when one of the tricky animals pounced on her and threw her to the ground. Her arms and shoulders were badly lacerated before she beat off the animal, but she has kept on with the work, and now has the animals subdued to such an extent they act like tame kittens in her hands. She will show them in the performance here.

Deerwood, Minn., Aug. 10.—Olson Skau, overseer of highways of Crow Wing county, was attacked and seriously injured by a 1 year old bull Sunday.

Skau was inspecting his cattle at his country home at Hamlet lake, two miles south of here, when he was suddenly attacked by the animal, knocked down and trampled on.

Gored and with several ribs broken, Skau fought the infuriated animal nearly an hour and finally succeeded in grabbing it by the nose and choking it.

GREECE MAY ENTER WAR

Frequent Cabinet Meetings Discuss Allies' Proposal.

London, Aug. 11.—Frequent cabinet meetings are being held at Athens, according to a Reuter's dispatch from the Greek capital, in connection with the reply which will be made to the collective note of the quadruple entente powers regarding a proposed agreement among the Balkan states regarding the war. Premier Gounaris has had several conferences with King Constantine on the subject.

Bulgaria has demanded a portion of Greek Macedonia as part of her price for entering the war on the side of the allies, but Premier Gounaris has been quoted as saying Greece would not cede an inch of territory to Bulgaria.

WARSHIPS SAIL FOR VERA CRUZ

Louisiana and New Hampshire Leave Newport, R. I.

PRESIDENT ISSUES ORDER

Commander McNamee Asks That His Little Fleet of Gunboats in Mexican Waters Be Reinforced in View of Anti-Foreign Demonstrations.

Washington, Aug. 11.—Two American battleships, the Louisiana and the New Hampshire, sailed from Newport, R. I., for Vera Cruz, in response to an urgent request from Commander McNamee that his little fleet of gunboats in Mexican waters be reinforced in view of anti-foreign demonstrations at that point.

It is understood that President Wilson himself ordered the warships sent, although no official of the government would even admit that they had sailed.

Care had been taken to point out that any naval or military activity at this time would be purely precautionary to safeguard foreign interests.

President Wilson at Cornish, N. H., was advised by telephone of Commander McNamee's report and several hours later a long code dispatch reached the navy department from Cornish.

Then it became known that the ships had been instructed to start for Vera Cruz at once.

President Wilson will be back in Washington in time to attend a cabinet meeting Friday, at which both the program of the Pan-American conference and the situation at Vera Cruz will be discussed.

Just before he took the train for New York Secretary Lansing said advice had reached the state department confirming the report of Commander McNamee as to conditions at Vera Cruz, but giving no additional details. The secretary would not discuss the mission of the battleships. The new reports from Vera Cruz were forwarded to Cornish.

A TREACHEROUS TROUBLE

Brainerd People Are Shown the Way Out

Kidney diseases are very dangerous. They come on silently, gain ground rapidly, and cause thousands of deaths that could have been prevented by proper treatment in the beginning. Nature gives early warnings of kidney disease—backache, twinges of pain when stooping or lifting, headaches and urinary disorders. If these symptoms are unheeded, there is grave danger of dropsy or possible Bright's disease. Doan's Kidney Pills have earned a reputation for their effectiveness in kidney troubles, and are known and recommended the world over. Brainerd readers should find convincing proof in the following statement. It's from a citizen of this locality.

Peter Abear, Main St., Brainerd, says: "I was in bad shape with kidney and bladder complaint. It hurt me to bend over. The pains in my sides and hips were hard to endure and when I caught cold, the trouble was worse. Doan's Kidney Pills gave me quick relief. Since then I have procured Doan's Kidney Pills at H. P. Dunn's Drug Store and have taken them off and on for a few days. They have always helped me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Abear had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

Two Common Summer Ailments

Thousands of hay fever and asthma victims who are not able to go to the mountains find relief in Foley's Honey and Tar Compound. It allays the inflammation, soothes and heals raw and rasping bronchial tubes and helps to overcome difficulty in breathing, and makes sound, refreshing sleep possible. H. P.
